# ACMLA

AN INVITATION TO JOIN THE ASSOCIATION  
OF CANADIAN MAP LIBRARIES AND ARCHIVES

[www.acmla.org](http://www.acmla.org)

*ACMLA actively serves as the representative professional group for Canadian map librarians, cartographic archivists and others interested in geographic information in all forms.*

## Helping you achieve your professional goals

ACMLA provides a forum for the exchange of ideas for people interested in or involved in any aspect of map or geography librarianship, archiving and dissemination of geospatial information in all forms. ACMLA promotes advocacy and education for increased availability, use and control of map and geography collections. ACMLA members benefit from annual conferences with informative programs and opportunities to meet professional colleagues; subscription to the ACMLA Bulletin; and informal after-meeting gatherings offering fun and new friends.

Since its inception in 1967, the achievements of ACMLA have been notable, including a vigorous publishing program, the development of professional standards and international cataloguing rules, and efforts to increase national awareness of issues concerning spatial information and recognition of the contribution of map libraries and cartographic archives in the preservation and management of, and access to, cartographic collections in Canada. Further Information on membership, publications and activities of the Association may be obtained at [www.acmla.org](http://www.acmla.org).

## OBJECTIVES

- To encourage and support the development of high standards in the management of and access to geographic information.
- To encourage and support activities which further the awareness, use, and understanding of geographic information.
- To develop and maintain communication networks for the exchange of ideas and information among members.
- To support members' professional development activities as these relate to the objectives of the Association.
- To encourage and support students who wish to participate in the activities of the Association.

# Membership in ACMLA

*Membership is open to individuals, libraries, archives, and other institutions and organizations having an interest in maps and geographic information in all forms and the objectives of the Association.*

Full Membership \$45.00 per year. Open to all Canadian residents who are working in any cartographic field. Associate Memberships \$45.00 per year are available for all other individuals interested in the Association.

Institutional Membership \$65.00 per year. Open to Libraries, archives, institutions & organizations.

Student Membership \$20.00 per year. Open to students registered full time at a Canadian college or university.

**Honourary Memberships conferred by the Association of Canadian Map Libraries and Archives**

## Annual Conference

The Annual Conference is held in the spring at locations rotating between eastern, central and western Canada. At the Conference, the presentation of technical papers, panel discussions, workshops and the Annual General Meeting are combined with educational field trips and social events for a very productive and enjoyable opportunity.
